```java
 1 import components.set.Set;
 2
 3
 4 /**
 5  * Customized JUnit test fixture for {@code Set3a}.
 6  */
 7 public class Set3aTest extends SetTest {
 8
 9     @Override
10     protected final Set<String> constructorTest() {
11         return new Set3a<String>();
12     }
13
14     @Override
15     protected final Set<String> constructorRef() {
16         return new Set1L<String>();
17     }
18
19 }
20
```
